

We are located at 221 W. 6th Street in the JP Morgan Chase Tower. The main entrance is on 6th Street, but you can access our building from the parking garage.

The parking garage has two entrances. If you are coming from MoPac, the easier entrance to use is the 5th Street entrance. If you approach from IH-35, it's easier to use the Colorado Street entrance.

From MoPac, travel east on 5th Street past Guadalupe. As you cross Guadalupe, you should be in the second-to-the-left lane (not the far left lane or you will be forced to turn left onto Lavaca). Drive past Lavaca and then move to the far left lane. Our parking garage entrance is after Lavaca but before the next street which is Colorado. From IH-35, travel west on 6th Street to Colorado. Make a left onto Colorado and move to the far right lane. The entrance to our parking garage is on the right before you reach 5th Street.

Once in the garage, use any parking space that is not marked reserved. The garage is a separate structure that is attached to our building. Take the garage elevators (or stairs) to the ground floor and proceed through the hallway past the security desk (no need to sign in), and arrive at the Chase Tower elevators. All elevators access the 12th floor. We are in Suite 1200.

Remember to have your ticket validated by the receptionist before leaving our office.

You will be able to exit the garage either: (1) onto Lavaca so you can easily access 6th Street and head west towards MoPac, or (2) onto 5th Street heading east towards IH-35.
